ABOUT

Third-year B.Tech Computer Science student with an 8.54 CGPA and a strong foundation in Java, Python, Frontend development, and Agile methodologies. Experienced in building full-stack projects that solve real-world problems by leveraging AI tools to accelerate the development lifecycle. Developed expertise in leadership, communication, and project handling as Vice-President of the GeeksforGeeks Student Chapter. Possesses a specialized background in UI/UX design and a product-focused mindset.

PROJECTS

SquadSync | Student Collaboration Platform October – November 2025

- Developed a MERN stack application to connect students for hackathons based on technical competency and specific project requirements.
- Implemented a "Request & Approval" workflow, allowing team creators to verify applicant skills before group acceptance.

OtakuCircle | Social Anime Discovery Platform December 2025

- Engineered a Hybrid Microservice application using MERN and Python to integrate social tracking with community reviews.
- Built an AI-powered recommendation engine and a statistical dashboard to visualize user consumption habits and friend activity.

Ledgerly | Links Collection & Storage Platform December 2025 – January 2026

- Designed a centralized LinkHub to curate and categorize digital resources by domain, such as Generative AI and UI/UX tools.
- Engineered a secure "Saved Links" system with advanced search logic for creating private repositories with custom labels.

TECHNICAL SKILLS

Languages & Core: Java (DSA), Python, JavaScript (ES6+), HTML5, CSS3, SQL
Frameworks & Libraries: React, Redux, Node.js, Express.js, Next.js, Tailwind CSS
Cloud & Tools: AWS (EC2, Beanstalk, Pricing), Git/GitHub, Figma, RESTful APIs
Soft Skills: Technical Communication, Project Planning, Cross-Functional Collaboration

EXPERIENCE

GeeksforGeeks Student Chapter October 2024 – Present *Vice-President*

- Lead club initiatives including webinars and hackathons, managing core teams for project execution.
- Maintain regular communication with Faculty Coordinators to update on progress and event outcomes.

The Electric Vehicle Club October 2024 – March 2025 *Design Lead*

- Directed visual and digital strategy, including UI/UX and frontend development for the official website.
- Managed team production of promotional materials to ensure a consistent digital identity.

CERTIFICATIONS & ACHIEVEMENTS

- **AWS Solutions Architecture Job Simulation (Forage):** Designed scalable hosting via Elastic Beanstalk.
- **Google UX Design Professional Certificate:** Specialized in end-to-end user experience and product design.
- **AWS Cloud Support Associate Professional Certificate:** Verified expertise in cloud infrastructure and support.
- **Google Project Management Professional Certificate:** Proficient in Agile methodologies and project life cycles.

EDUCATION

VIT Bhopal University Madhya Pradesh, India
B.Tech in Computer Science & Engineering | CGPA: 8.54 2023 – 2027 (Expected)
